Feedback from presentations and workshops

Other feedback

One word to describe your thoughts on the day:

Encouraging Useful Thought provoking Valuable Very helpful Engaging
Energising Inspiring Enjoyable Interactive Encouraging

What was your main learning from today's event?

The value of process mapping x 4
Run charts x 2
Improvements to be made
Networking & learning from others x 2
How I can contribute
Developing processes x 2
Examining NELA data beyond run charts
Other comparison analysis

Feedback from presentations and workshops

What would you like to take away from future events?

A discussion about goal directed fluid therapy

Comparing successes

More ideas & energy

New sepsis guidelines out shortly so something on this

Any comments about how the ELC team might be able to support your Trust?

More information about GDFT at Clinical Governance ½ day

IT support x 2

Elderly care project

Webinars

More resources on NELA website from other Trusts

Workshops/lectures on scope & design of ELC

Continue in present format

Summary

With a MDT audience, there could have been more scene setting and patient focussed approach and include eg a patient story.

Delegates valued the opportunity to learn from other organisations by:

- how they are performing
- what processes they have eg the use of boarding cards
- the way in which Trusts have set up their internal ELC teams and who is included in this team

The location was good – ie just off the M5 and the food was good, but the catering service was poor. Delegates would like the next local event in the same geographical location.
