

## Adopt and Spread

# Adoption and Spread Safety Improvement Programme (A&SSIP)

### Key National Programme Ambitions:

1. Support an increase in the proportion of patients in acute hospitals receiving every element for which they are eligible of the BTS COPD discharge care bundle to 80% by March 2022.
2. Support an increase in the proportion of eligible sites (i.e. acute hospitals) in England that care for patients with tracheostomies adopting three evidence-based tracheostomy safety interventions (bedhead signs, availability of emergency equipment, daily care bundle) to 90% by March 2021.
3. From April 2021, to support an increase in the proportion of patients in acute hospitals receiving every element for which they are eligible of the asthma discharge care bundle to 80% by March 2023.
4. From April 2021, to support an increase in the proportion of patients receiving all elements for which they are eligible of the emergency laparotomy care bundle to 90% by October 2022 (subject to stocktake and review).
