

Collaborating whilst competing

Advice from SMEs on working in partnership within an implementation consortium

Join us for an interactive session and find out how industry partners are working together through Test Beds to offer patients and citizens improved care and improved experience of care.

We will be sharing learning about collaboration and competition and answering your questions!

Lead by **Guy Boersma, Managing Director of Kent Surrey Sussex Academic Health Science Network** alongside **Jonathan Burr, CEO of Intelesant** and **Melissa Ream, 5G and Living Labs Adviser**. Test bed: TIHM for dementia.

In collaboration with:

Tom Dawson, Managing Director, Rescon Test Bed: Diabetes Digital Coach
