# Speaker biographies

## Bill Lucas

Director of the Centre for Real-World Learning and Professor of Learning at the University of Winchester

Our keynote speaker, **Bill Lucas** is Director of the Centre for Real-World Learning and Professor of Learning at the University of Winchester. Bill is an authority on practical and vocational learning and has undertaken ground-breaking research into pedagogy, creativity and habit change.

For the last six years he has been advising The UK's Health Foundation on leadership and learning, helping them to create the improvement science fellowships scheme. His 2015 research - *The Habits of an Improver: Thinking about learning for improvement in health care* – is one of the Health Foundation's most downloaded publications and is being used and further developed by colleagues across the world. Bill has been the subject of and host of a number of Health Foundation webinars. With Paul Batalden, he co-leads an improvement science fellowship programme in Sweden. Recently he had taken on a role to help to develop improvement research capability with the new Improvement Research Institute in Cambridge.

In addition to his work at the University of Winchester, Bill is an international adviser to the Mitchell Foundation in Melbourne, a trustee of The English Project, and, with Philip Pullman, a Patron of the Pegasus Theatre in Oxford. His acclaimed five-dimensional model for creativity is the stimulus for a fourteen country study coordinated by the OECD which began in 2015 and Bill has recently been appointed to be co-chair of the new PISA 2021 test of creative thinking.

Bill is known internationally as a speaker. He travels extensively to present key notes, most recently in Melbourne, Sydney, Auckland, Philadelphia, Helsinki, Qatar, Dubai, Dundee, Cardiff and Belfast. He is a prolific writer, and has authored and co-authored over forty books, many academic papers and, increasingly a blogger.

His most recent book, written with Guy Claxton – *Educating Ruby: what our children*

## Deborah Evans

Managing Director,  
West of England AHSN

**Deborah Evans** is the Managing Director of the West of England Academic Health Science Network which exists to improve the NHS ability to spread innovation and put evidence into practice and to work more effectively with industry.

Deborah was a PCT Chief Executive for 10 years during her career as an NHS manager.

She has a longstanding commitment to supporting the development of health service research, is a champion for public health and was regional lead for specialised services over many years. This will be Deborah's last annual conference with us as she will be retiring in March 2018.
