15:20 – 15:30	Celebration of Sign Up to Safety 2nd Birthday #Su2S @SignUpToSafety
15:30	Thank you and close Steve Brown, Chair of the Medicines Collaborative Steering Group

Collaborative priorities

1. To improve medicines safety at transfer of care through PharmOutcomes system.
2. To share lessons learned from insulin safety incidents and root cause analysis investigations across the collaborative in order to reduce the risk of similar events occurring in other organisations.
3. To develop and test a patient's own drugs scheme for patients using insulin.

Follow us on Twitter @weahsn or visit www.weahsn.net

There will be demonstrations of the Life system during the day.

To sign up to Life visit <https://life.seedata.co.uk/login/signup/>

Save the Date: Our next collaborative event will be Wednesday 9th November 2016, at the Royal United Hospital in Bath.
